MISSOURI PRESS ASSOCIATION ASSOCIATED NEGRO PRESS

NATIONAL NEGRO PRESS ASSOCIATION

Entered as second class matter April 3, 1912 at the Post Office, St. Louis, Missouri, under the Act of March 3, 1879.

ARTICLE XIV. JURISDICTION OF THE UNITED STATES

CITIZENSHIP RIGHTS NOT TO BE ABRIDGED

1. All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States, and of the State wherein they reside. No State shall make or enforce any law which shall abridge the privilege or immunities of citizens of the United States; and no State shall deprive any person of life, liberty or property, without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

No Room For Ku Klux Klan

The unmasking of the workings of the Ku Klux Klan by the modern press and the vigilant citizens during the past few months has been quite gratifying to the thoughtful people of the Nation.

The "foolish principles" which were set forth as the object of the organization have been exposed, and the public now sees the real purpose of reviving a band of night riders to "enforce" the laws of the land.

The people of America today are not quite such fools as Col. Wm. J. Simmons and his band think they are.

The Negroes know well now what the Ku Klux Klan is and for what it stands. To be sure, its aims and purposes are shrewdly set forth, playing upon the white man's racial prejudices by claiming for the maintenance of white supremacy. This is done to fool the public in order to get close enough to do its dirty work to the Negroes. But this can, with all of its underworld plans and camouflaged propaganda, be receiving many setbacks from not only the people of the North, but the South and the press of the country generally.

The statement that this Klan stands for law and order, has been proven false. It is not the shillies, the lawless, the idle and criminal that are concerned about, because that is the class that is generally found in this order. But on the other hand, it is the thrifty, intelligent and adventurous class of America that is most concerned about the Negro. He sees things differently today to what he did only a few years ago. Democracy! Democracy! for which two hundred thousand and of black men fought, bled and died, is still ringing in our ears. Eight million free-born citizens of America, are beginning to think for themselves. And that is the reason for reviving the Ku Klux Klan. This foghorn is trying to cover the new spirit in the Negro. But, they might as well be trying to stop the Mississippi River. Common sense would teach them that the best they can do would only be temporary.

Fifty years ago the Ku Klux Klan served its purpose, but it has no place in modern civilization. The Negroes of today will meet the white-robed wizards of the night with a different spirit to what their fathers met them fifty years ago. The white men of today do not need the assistance of this band of white goons with the shadow of death, with sword and gun to kill and terrify and "infernal groups" in order to maintain "white supremacy." The white man of today believes in work and the acquirement of knowledge to maintain supremacy. For after all, the mind is the standard of the man.

American Barbarians

From The New York World

Walker White in the "New Republic" gives some heretofore unpublished facts about the tragedy at Ocoee, Orange County, Florida, last Election Day. The story goes out at the time was that two Negroes named Moss and Jerry Perry had tried to vote when they were not qualified, and on being refused had flourished revolvers that followed that was thus satisfactorily explained according to the New York World. The two Negroes were shot and were reported to have been shaven by the Negroes. Moss had qualified and was entitled to vote. "He was an unusual with the whites because he was too pro-Progressive; he owned an orange grove for which he had refused offers of \$10,000 several times." Jerry Perry was foreman of a large orange grove owned by a Northern white man. "The community felt that the man had belonged to a white gang." So a "mob" formed, went out and surrounded the colored settlement, applied kerosene, burned twenty houses, two churches, a schoolhouse and a doctor's house." Two members of the mob were killed. Perry was wounded and later lynched. A white citizen of Ocoee boasted that fifty Negroes were killed. Among those burned to death were a mother and her two-week-old baby. An eleven-year-old white girl "questioned" by the white mob, asked of the Negroes what we had when some negroes were burned up. "The adults were more restrained, but they had only an air of mysterious work well done."

Such a picture does not require comment. Probably the same people of the South are just as sickened by it as the rest of us. But there it is. The white people who keep the Negro down by such methods are no more civilized than the governing classes of antiquity, whose similar methods appeal the student of history. They may have automobiles and read the world's news the day after it happens, but underneath their modern clothes they are barbarians. They are not the whole South by any means, but they and their state of mind are just as much a problem to the rest of the United States as the Negroes are to them.

Getting Together

Conditions in this State at this time demand that we as a Race should get together for our own mutual benefit. We are all ready to say "Amen" to a program of that kind. But the question is, are we really ready? We are not.

There is much work to be done if we are to get the things to which we are so much entitled. We should start with Number One. Give ourselves an examination and see what is in our way that keeps us from uniting with the other fellow for the good of the whole.

The responsibility is upon the leaders. The people are ready to follow, but our leadership is divided; therein lies our greatest problem. We have done well in some things, but the big things are before us.

Let us get together, at all cost. It may call for a little sacrifice on the part of some of us, but, we believe it is worthwhile. A little group here and a little group there, only tends to keep our forces divided.

The people are weary. They want to go somewhere. They want that leadership which will lead fearlessly, bravely and unitedly. That's the challenge of the masses. Who among us will take up this

TUSKEGEE ANNUAL NEGRO CONFERENCE WAS HELD JAN. 19-20

This conference was established by Booker T. Washington some thirty years ago when he gathered together the leaders of the Negro race to discuss various educational and economic methods of rendering the Negroes more useful to the world and to promote progress among the Negroes and their leaders.

The scope of activities discussed at the Conference has increased from year to year, and now it now takes in practically every phase of Negro life and industry, especially of the South.
